RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT AND FOR CAUSE AS FOLLOWS:

Your Petitioner reports that on February 19, 2007, the defendant was admitted to Clarion Psychiatric Hospital in Clarion, Pennsylvania, and was discharged on February 27, 2007. The aftercare recommendation reflects that the defendant was diagnosed with schizoaffective disorder and is to "take all medications exactly as prescribed" and "keep all aftercare appointments." During an office visit with this officer on March 5, 2007, the defendant admitted that he attempted to kill himself, resulting in his admission to Clarion. He also stated that he does not need to take his prescribed mental health medication, and he does not need to see anyone for aftercare or follow-up.

On March 5, 2007, the defendant signed the Probation Form 49, Waiver of Hearing to Modify Conditions of Probation/Supervised Release (enclosed), in which he agreed to waive his rights to a hearing, and he has agreed to a modification of the conditions of his supervision. Specifically, he agreed to participate in a mental health treatment program approved by the probation officer, until such time as the defendant is released from the program by the probation officer.
